The Secret Suson Family

Chapter 1 — The Surprise

Felip Jhon Suson had always been good at keeping secrets.

Very good.

Too good, according to his friends.

Especially his four SB19 brothers.

"Ken is hiding something," Justin announced suspiciously.

Pablo raised an eyebrow.

"What makes you say that?"

"He smiles at his phone."

Stell gasped dramatically.

"That's serious."

Josh nodded solemnly.

"Extremely serious."

Pablo stared at all three of them.

"People are allowed to smile at their phones."

"Not Ken," Justin replied.

The four exchanged suspicious looks.

For months, Felip had been disappearing after schedules.

He declined invitations with increasingly ridiculous excuses.

I have laundry.

I need to reorganize my closet.

I have to buy toothpaste.

The problem?

Nobody had ever actually seen him buy toothpaste.

So when Felip's family suggested surprising him at home one afternoon, the four members eagerly volunteered to come.

They arrived carrying food, balloons, gifts, and enough noise to wake the neighbors.

"Surprise!" Josh shouted as they entered.

Silence.

Pablo frowned.

"Where is he?"

Then they heard something.

A tiny voice.

"Daddy?"

Everyone froze.

Justin slowly turned toward the hallway.

"Did..."

Stell whispered,

"Did that child just say Daddy?"

Pablo's eyes widened.

"Ken has a child?"

Before anyone could process it, a little six-year-old girl appeared around the corner.

She had messy hair, pajamas covered in little stars, and a stuffed rabbit tucked under one arm.

She stared at the enormous group of strangers.

Then she smiled.

"Hi."

Everyone stared.

Justin pointed at himself.

"Hi?"

The girl nodded.

"Are you Daddy's friends?"

Josh nearly dropped the cake.

"D-Daddy?!"

And then Felip appeared.

His face went completely pale.

"...Oh no."

Behind him stood Y/N.

She was holding three newborn babies.

Three.

Everyone's jaws dropped.

Pablo whispered,

"Ken."

Felip swallowed.

"Yes?"

"Why are there three babies?"

Felip looked at the babies.

Then at everyone.

Then at Y/N.

He sighed.

"Okay."

He rubbed his face.

"Everybody sit down."

Justin immediately sat.

"THIS IS GOING TO BE GOOD."

Chapter 2 — The Secret Nobody Knew

Nobody spoke for several seconds.

Y/N gently rocked one of the babies while the other two slept in their little bassinets.

Maya sat beside Felip, completely unaware that she had just detonated a nuclear bomb inside her father's friendship circle.

Pablo finally spoke.

"Felip."

"Yes."

"You have a daughter?"

"Yes."

"How old?"

"Six."

Pablo blinked.

"Six?"

Felip nodded.

"And you never told us?"

"I was going to."

Josh stared at him.

"When?"

Felip hesitated.

"Eventually."

Stell put both hands on his head.

"EVENTUALLY?!"

Justin pointed toward the bassinets.

"And those?"

Felip sighed.

"My sons."

"Plural?"

"Plural."

"How many?"

Felip quietly answered,

"Three."

Silence.

Justin counted on his fingers.

"One..."

He looked at the first baby.

"Two..."

He looked at the second.

"Three."

He stared at Felip.

"You had THREE babies and didn't tell us?!"

Felip winced.

"Please stop yelling."

"I'M NOT YELLING!"

"You're definitely yelling."

Y/N tried not to laugh.

Pablo noticed.

"You're Y/N, right?"

She nodded nervously.

"Yes."

Pablo smiled gently.

"I'm Pablo."

"I know."

Josh raised his hand.

"Josh."

"I know."

Stell waved.

"Stell!"

"I know."

Justin grinned.

"And I'm Justin."

Maya suddenly pointed at him.

"You're the funny one."

Everyone burst out laughing.

Justin placed a hand over his heart.

"Finally. Someone understands me."

Felip groaned.

"Don't encourage him."

Y/N smiled.

"I'm sorry. I wanted to tell everyone."

Pablo's expression softened.

"How long have you two been together?"

Felip looked at Y/N.

She smiled shyly.

"Seven years."

Four mouths dropped open.

"SEVEN YEARS?!"

Felip covered his face.

Maya giggled.

"Daddy is embarrassed."

"Yes," Felip muttered.

"Very."

Chapter 3 — The Family Explosion

Felip's family had been equally stunned.

His mother stared at Maya.

Then at the triplets.

Then at her son.

"Felip."

"Yes, Ma."

"You have FOUR children?"

"Yes."

"And you have a girlfriend?"

"Yes."

"And we've never met her?"

Felip looked at Y/N apologetically.

"No."

His mother slowly walked toward Y/N.

Y/N looked terrified.

But instead of anger, Felip's mother hugged her.

Y/N froze.

Then hugged her back.

"You should have brought her home," his mother whispered.

Felip looked stunned.

"Really?"

His mother pulled away.

"Yes."

Then she lightly smacked his arm.

"But I am still mad at you."

Felip nodded.

"Fair."

She turned toward Maya.

"And you!"

Maya looked up.

"Yes?"

"Come here, sweetheart."

Maya ran into her arms.

Within minutes, the entire family was surrounding Maya.

Someone was crying.

Someone was taking pictures.

Someone was asking who the triplets resembled.

And someone was already discussing Christmas presents.

Felip watched the chaos with a stunned expression.

Y/N slipped her hand into his.

"You okay?"

He smiled.

"I think so."

She squeezed his hand.

"You're finally caught."

He chuckled.

"Apparently."

Maya suddenly shouted from across the room.

"Daddy!"

"What?"

"Grandma said I'm getting presents!"

Felip laughed.

"Of course she did."

Then his mother shouted,

"AND THE BABIES!"

Felip shook his head.

"I'm going to be broke."

Josh leaned toward him.

"Welcome to fatherhood."

Felip stared at him.

"You're not a father."

Josh nodded.

"Exactly. Which means I have money."

Chapter 4 — The Four Uncles

The next few hours were chaotic.

Pablo immediately became the responsible uncle.

He checked whether the babies were sleeping comfortably.

Stell became the entertainment uncle.

He made ridiculous faces at Maya until she couldn't stop laughing.

Justin became the snack uncle.

He somehow appeared with cookies every thirty minutes.

Josh became the protective uncle.

Nobody understood how he had managed to acquire three baby blankets, two bottles, and a stuffed dinosaur within an hour.

Maya adored them.

"Can I call you Uncle Pablo?"

Pablo smiled.

"Of course."

"Uncle Stell?"

"Absolutely!"

"Uncle Josh?"

Josh nodded proudly.

"Definitely."

She looked at Justin.

"Uncle Justin?"

Justin put his hand over his heart.

"I've never been happier."

Felip watched them.

His expression softened.

Y/N stood beside him.

"They love them already."

"They're going to spoil them."

"Definitely."

"Especially Justin."

Justin suddenly shouted from the living room.

"MAYA! DO YOU WANT ICE CREAM?"

Felip yelled back,

"NO!"

Maya yelled,

"YES!"

Felip stared at the ceiling.

"Traitor."

Everyone laughed.

Then one of the triplets began crying.

Felip immediately went into dad mode.

He picked up the baby.

"Hey, hey..."

His voice became soft.

"Daddy's here."

The room became quiet.

Y/N watched him lovingly.

Pablo smiled.

Stell whispered,

"I've never seen him like this."

Josh nodded.

"Me neither."

Justin smiled.

"Ken's a dad."

Pablo corrected him.

"Ken's a dad of four."

Everyone laughed.

Felip shook his head.

"You guys are never letting me live this down, are you?"

"No," all four answered together.

Chapter 5 — The Secret Goes Public

Unfortunately, the secret didn't remain inside the house.

A family member accidentally posted a harmless photograph.

It showed Felip surrounded by his family.

Maya was sitting beside him.

The triplets were visible in their bassinets.

Y/N was standing nearby.

Within hours, fans noticed.

"WAIT. IS THAT KEN?!"

"WHO IS THAT LITTLE GIRL?"

"THERE ARE THREE BABIES?!"

"IS KEN A DAD?!"

Social media exploded.

The SB19 members' phones became unusable.

Justin stared at his screen.

"Oh boy."

Stell groaned.

"It's everywhere."

Pablo immediately contacted Felip.

"Ken, are you okay?"

Felip sat quietly beside Y/N.

Maya was sleeping against his shoulder.

The triplets were sleeping nearby.

Y/N looked worried.

"I don't know what to do."

Felip took her hand.

"We'll handle it together."

The next morning, Felip released a statement confirming that he was a father and that Y/N was his longtime partner.

He asked fans to respect their privacy, particularly the children's.

He expected anger.

Instead, something unexpected happened.

Fans were overwhelmingly supportive.

"Congratulations, Ken!"

"Protect the babies at all costs!"

"Maya is adorable!"

"Welcome to the family, little ones!"

"Ken deserves happiness."

"Y/N and Ken look so happy together."

Some fans even started affectionately calling the children **the Little Susons**.

Felip stared at the comments.

"I was expecting chaos."

Y/N smiled.

"There is chaos."

She showed him another post.

It was a fan edit of Maya wearing a tiny SB19-style outfit.

Felip laughed.

"Oh no."

Y/N giggled.

"She already has a fandom."

Chapter 6 — Uncle Duties

The following weeks became unexpectedly wonderful.

The members visited constantly.

Too constantly.

Pablo arrived with educational toys for Maya.

Stell arrived with stuffed animals.

Josh arrived with baby supplies.

Justin arrived with candy.

Felip looked at the mountain of gifts.

"Why did you buy so much?"

Justin shrugged.

"I'm the fun uncle."

Maya immediately appeared.

"Uncle Justin!"

"Yes, princess?"

"Did you bring candy?"

Justin smiled.

"Of course."

Felip pointed at him.

"No."

Maya crossed her arms.

"But Daddy—"

"No."

Justin whispered,

"I'll hide it."

Felip heard him.

"I CAN HEAR YOU."

Everyone laughed.

One afternoon, the four members attempted to babysit the triplets while Felip and Y/N cooked dinner.

Five minutes later—

CRYING.

Another baby started crying.

Then the third.

Josh looked terrified.

"Why are they all crying?!"

Stell panicked.

"Maybe they're hungry!"

Pablo checked the bottles.

"They already ate."

Justin held one baby.

"Maybe he wants to sleep."

The baby cried harder.

Justin stared at him.

"I have failed as an uncle."

Felip entered the room.

"What happened?"

Four grown men pointed at the babies.

"They started it."

Felip laughed.

Y/N stood behind him.

"You're all ridiculous."

Maya appeared.

"I know how to make them happy."

Everyone looked at her.

She picked up her stuffed rabbit.

"Baby Kane likes Bunny."

She gently placed the rabbit near the baby.

The crying stopped.

Everyone stared.

Justin whispered,

"We have been defeated by a six-year-old."

Maya smiled proudly.

"I'm a big sister."

Felip hugged her.

"Yes, you are."

Chapter 7 — A Family of Their Own

Months later, the chaos had become normal.

Maya has four uncles.

The triplets have four uncles.

Y/N had finally become comfortable around Felip's family.

And Felip no longer had to hide the people he loved.

One evening, everyone gathered at Felip's house.

The triplets slept peacefully.

Maya sat between Pablo and Stell watching cartoons.

Josh was helping clean up.

Justin was secretly eating dessert.

Felip sat beside Y/N on the couch.

She rested her head against his shoulder.

"You know," she whispered, "I thought everything would fall apart when they found out."

Felip kissed the top of her head.

"So did I."

She smiled.

"But it didn't."

"No."

He looked around the room.

His family.

His members.

His children.

His girlfriend.

His home.

Everything he had spent years protecting was finally together.

Maya suddenly shouted,

"Daddy!"

Felip looked over.

"What?"

"Family picture!"

Everyone gathered.

Pablo positioned himself properly.

Stell made a ridiculous pose.

Josh held one baby.

Justin held another.

Y/N held the third.

Felip picked up Maya.

Everyone smiled.

The camera flashed.

And for the first time, Felip didn't feel like he was hiding anything.

Later that night, the photograph spread online.

Fans reacted with thousands of messages.

"This is the sweetest thing ever."

"Ken looks so happy."

"Protect the Suson family!"

"Maya has FOUR uncles now!"

"The triplets are so loved."

And one comment received thousands of likes:

"He spent years protecting his private life, and now we get to see why. He wasn't hiding a scandal. He was protecting his family."

Felip read the comment quietly.

Y/N leaned against him.

"You okay?"

He smiled.

"Yeah."

Maya climbed onto the couch.

"Daddy?"

"Yes?"

"Can we have pizza?"

Felip laughed.

"It's midnight."

"But Uncle Justin said pizza is always good."

Everyone looked at Justin.

Justin slowly raised his hands.

"I plead the fifth."

Felip shook his head.

His family erupted into laughter.

And surrounded by the people he loved most, Felip realized something.

He hadn't lost his life when his secret was discovered.

He had gained something much bigger.

A family that loved him.

A woman who stood beside him.

Four little children who called him Daddy.

And four brothers who, despite their endless teasing, would always have his back.

The secret was gone.

But the love had only just begun.
